RULES OF BOTH HOUSES OF PARLIAMENT

RESPECTING THE

LIBRARY OF PARLIAMENT.

A proper Catalogue of the Books belonging to the Library shall be kept by the Librarians in whom the custody and responsibility thereof shall be vested; and who shall be required to report to the Houses through Mr. Speaker, at the opening of each Session, the actual state of the Library.

No person shall be entitled to resort to the Library during the Session of Parliament except the Governor General, the members of the Privy Council, and of the Senate and House of Commons, and the Officers of both Houses, and such other persons as may receive a written order of admission from the Speaker of either House. Members may personally introduce strangers to the Library during the daytime, but not after the hours of seven o'clock, P.M.

During a Session of Parliament no books belonging to the Library shall be taken out of the building, except by the authority of the Speaker or upon receipts given by a member of either House.

During the recess of Parliament, the Library and Reading Room shall be open every day in each week, Sundays and Holidays excepted, from the hour of ten in the morning until three in the afternoon; and access to the Library shall be permitted to persons introduced by a member of the Legislature, or admitted at the discretion of the Librarian; subject to such regulations as may be deemed necessary for the security and preservation of the collection; but no one shall be allowed to take any book out of the Library except members of the Legislature, and such other as may be authorized by the Speaker of either House.

During the recess of Parliament, no member of either House not residing at the seat of Government shall have liberty to borrow or have in his possession at any one time more than three works, from the Library, or to retain the same for a longer period than one month.

No other person who may be privileged by card, by the Speaker of either House, to borrow books from the Library, shall be allowed to have in his possession more than two Books at any one time, or to retain the same longer than three weeks, and all such persons shall return the Books so taken when required by the Librarian.

No Books of reference or Books of special cost and value may be removed from the seat of Government under any circumstances.

At the first meeting of the Joint Library Committee at every Session of Parliament, the Librarians shall report a list of the Books absent at the commencement of the Session, specifying the names of any persons who have retained the same in contravention of either of the foregoing Rules.

RÈGLEMENTS

COECERNANT LA

BIBLIOTHÈQUE.

Un catalogue des livres de la Bibliothèque est tenu par les Bibliothécaires qui en ont la garde et la responsabilité; ils doivent faire rapport aux Chambres, par l'entremise de M. l'Orateur, à l'ouverture de chaque Session, de l'état dans lequel se trouve la Bibliothèque.

Aucune personne ne peut avoir accès à la Bibliothèque, pendant les Sessions du Parlement, si ce n'est le Gouverneur-Général, les membres du Conseil Privé, ceux du Sénat et de la Chambre des Communes, les Officiers des deux Chambres, et toute autre personne qui obtient un billet d'admission de l'Orateur de l'une ou de l'autre Chambre. Les membres peuvent en personne introduire des étrangers dans la Bibliothèque pendant le jour, mais non après sept heures, P.M.

Pendant les Sessions du Parlement aucun livre de la Bibliothèque ne peut être emporté de l'édifice, excepté sur l'autorisation de l'Orateur, ou lorsqu'un membre de l'une ou de l'autre Chambre en donne un reçu.

Pendant la vacance du Parlement la Bibliothèque et la Chambre de Lecture sont ouvertes tous les jours de chaque semaine, excepté les dimanches et jours de fête, depuis dix heures du matin jusqu'à trois heures de l'après-midi; et la Bibliothèque est ouverte aux personnes introduites par un membre de la Législature, ou admises à la discrétion du Bibliothécaire, sujettes aux règles qui sont jugées nécessaires pour la sûreté et la conservation des livres, mais il n'est permis à qui que ce soit, si ce n'est aux membres de la Législature et aux autres personnes ayant l'autorisation de l'Orateur de l'une ou de l'autre Chambre, d'emporter un livre hors de la Bibliothèque.

Durant les vacances du Parlement, aucun membre de l'une ou de l'autre Chambre ne résidant pas au siège du gouvernement, n'aura le droit d'emprunter ou de garder en sa possession plus de trois ouvrages à la fois; de plus, il ne devra les garder plus d'un mois en sa possession.

Aucune des personnes ayant le privilège—sur la foi d'une carte du président de l'une ou de l'autre Chambre,—d'emprunter des livres à la Bibliothèque, ne pourra avoir en sa possession plus de deux ouvrages à la fois ou les garder plus de trois semaines, et toutes ces personnes devront remettre les livres ainsi empruntés, lorsqu'elles en seront requises.

Aucun livre de référence ou ouvrage de luxe et de prix ne pourra être emporté du siège du Gouvernement pour aucune considération.

A chaque Session du Parlement, les Bibliothécaires devront, à la première assemblée du comité mixte de la Bibliothèque, soumettre une liste de tous les livres qui n'ont pas encore été remis au commencement de la Session, en spécifiant les noms des personnes qui auront gardé ces livres contrairement aux règles qui précèdent.

In addition to the foregoing rules, the Joint Library Committee have agreed to the following new Rules, to which the attention of persons frequenting the Library, or making use of any books belonging thereto, is specially requested.

1. It is strictly forbidden to make any mark, by pencil or otherwise, in any books belonging to the Library, or to turn down leaves therein, or otherwise deface the same.
2. No person (other than a member of Parliament) is permitted to have access to any of the Galleries surrounding the Library, without the express permission of the Librarian or unless accompanied by an officer of the Library.
3. No visitor shall be permitted to remain in the Library with his hat on; nor will smoking, or spitting on the floor or carpet be permitted, in any of the Library apartments.
4. No audible conversation will be allowed in the reading room; nor shall any person be permitted to partake of refreshments therein; and no dogs shall be allowed in the Library.

Outre les règles qui précèdent, le Comité de la Bibliothèque a recommandé l'adoption des règles suivantes, dont toutes personnes fréquentant la Bibliothèque ou faisant usage des livres qui la composent sont priés de prendre connaissance :

1. Il est strictement défendu de faire aucune marque, au crayon ou autrement, dans un livre appartenant à la Bibliothèque, d'en plier les feuilles ou de le défigurer d'aucune autre manière.
2. Personne, à l'exception des membres du Parlement, ne pourra monter dans les galeries sans la permission expresse du Bibliothécaire, ou sans être accompagné de quelque employé de la Bibliothèque.
3. Aucun visiteur ne pourra garder son chapeau sur sa tête; personne ne pourra fumer, ni cracher sur le parquet ou le tapis d'aucune des Chambres de la Bibliothèque.
4. On ne pourra converser à haute voix dans la chambre de lecture; on ne pourra non plus se permettre d'y manger. On ne laissera pas entrer de chiens dans la Bibliothèque.

REPORT

OF THE

JOINT LIBRARIANS OF PARLIAMENT.

REPORT OF THE LIBRARIANS OF PARLIAMENT.

The Joint Librarians of Parliament have the honour to report as follows for the year 1890-91.

Several important additions have been made to the section of old works on Canada.

We may here mention the *Fac-similes of manuscripts in European Archives relating to America* (1773-1783) 6 vol. folio. They contain valuable information on the period of the War of Independence.

The Generall Historie of Virginia, by Capt. John Smith, edition of 1624, one of the earliest. A very scarce volume.

The Examiner, containing political essays on the most important events of the time, edited by B. Gardenier, 4 vols. 1813 to 1815. Very important for the War of 1812. A complete set is very scarce.

Two numbers of the *Relations des Jésuites* have been added to the collection, which now consists of 32 vols. A complete series is made up of 42 relations. The new relations are those of 1668-69 and that of Father Dablon (1671-72).

L'Histoire du Canada, by Gabriel Sagard Théodat. Edition of 1636.

Journal of the Siege of Louisbourg (1745), by Maj. Gen. Shirley.

Heriot's History of Canada, 1804. This is the first history of our country published in the English language.

Discussion sommaire sur les anciennes limites de l'Acadie. Basle, 1755.

Remarks on the French Memorials concerning the Limits of Acadia. Lond., 1756.

The following newspapers have also been secured :—

Le Spectateur Canadien. Montreal, 1814-18.

L'Aurore. Montreal, 1817-19.

Le Courier du Bas Canada. Montreal, 1819.

The Canadian Spectator. Montreal, 1822-28.

Le Canadien. Quebec, 1824-25.

The Vindicator. Montreal, 1831-32.

The intention of the Government to introduce a Criminal Law Amendment Bill having been announced early in the year, the Librarians deemed it advisable to provide the necessary authorities for study and debate. The latest editions of the text books have therefore been procured; and copies of all the Reports of Royal Commissions in England on the Criminal Law have been provided in duplicate.

The prolonged discussion of the Trade Relations between Canada and the United States, and the certainty that the discussion will be continued, rendered advisable a

RAPPORT DES BIBLIOTHÉCAIRES CONJOINTS DU PARLEMENT.

Les bibliothécaires conjoints ont l'honneur de faire le rapport suivant pour l'année 1890-91 :—

Depuis la dernière session plusieurs importantes acquisitions ont enrichi la section des vieux ouvrages sur l'histoire de l'Amérique et du Canada en particulier. Ils désirent attirer spécialement l'attention sur les suivants :—

1. *Fac Similes of Manuscripts in European Archives, relating to America*, (1773-1783) ; cette collection forme, à l'heure qu'il est, six volumes in-folio. Elle renferme une mine de documents précieux sur la période de la guerre de l'Indépendance.

2. *The Generall Historie of Virginia, New England and Summer Islands*, par le Cap. John Smith ; édition de 1624. C'est une des premières et des plus rares éditions de cet important ouvrage.

3. *The Examiner*. Collection d'études politiques sur les principaux évènements de la guerre de 1812-15, en quatre volumes. Une série complète de cette revue se rencontre très rarement.

4. La collection des Relations des Jésuites, *Editio princeps*, s'est accrue de deux volumes. Elle comprend 42 volumes, et la bibliothèque en possède 32. Les dernières acquisitions sont la *Relation* de 1668-69, et celle du P. Dablon, pour les années 1671-72.

5. *L'Histoire du Canada*, par le P. Gabriel Sagard Théodat ; édition originale de 1636.

6. *Journal of the Siege of Louisbourg*, par le major-général Shirley. Londres, 1756.

7. *The History of Canada*, par Georges Heriot. Londres, 1804. C'est la première histoire de notre pays publiée en anglais.

8. *Discussion sommaire sur les anciennes limites de l'Acadie*. Basle, 1755.

9. *Remarks on the French Memorials concerning the limits of Acadia*. Londres, 1756.

Les bibliothécaires ont réussi à se procurer les journaux suivants :—

Le Spectateur Canadien. Montréal, 1814-18.

L'Aurore. Montréal, 1817-19.

Le Courrier du Bas-Canada. Montréal, 1819.

The Canadian Spectator. Montréal, 1822-28.

Le Canadien. Québec, 1824-25.

The Vindicator. Montréal, 1831-32.

Le gouvernement ayant manifesté, il y a quelque temps, l'intention d'introduire un bill pour amender la loi criminelle, les bibliothécaires ont cru devoir se procurer les auteurs qui seront nécessairement consultés pendant le débat. Les éditions les plus récentes des autorités reconnues, et des copies en double des rapports des commissions royales sur la loi criminelle en Angleterre, seront à la disposition de la Chambre.

En vue des débats que suscite la question des rapports commerciaux entre le Canada et les Etats-Unis, et la probabilité que la discussion sera continuée, ils ont

re-publication, with the necessary additions and improvements, of the list of documents and books on the subject of Reciprocity.

The probability of discussion of the public affairs of Newfoundland induced the Librarians to complete and re-publish the Newfoundland List, which was given in the Annual Catalogue for 1889.

The public documents of Great Britain and the United States relating to the Behring Sea question have been provided in sufficient quantity, it is hoped, to be of service to Members.

Every effort has been made to provide a full and valuable collection of Statistics of Trade and Commerce; and a re-arrangement of this material on the shelves will render it more accessible.

The occurrence of the West Indian Exhibition has suggested the preparation for the Annual Catalogue of a special list of books concerning the West Indies.

All of which is respectfully submitted.

A. D. DECELLES, *G.L.*,
MARTIN J. GRIFFIN, *P.L.*

jugé à propos de publier de nouveau une liste complète des documents et des ouvrages qui se rattachent à l'étude de la réciprocité commerciale.

Comme il est probable que l'attention de la Chambre sera attirée sur la condition des affaires de l'île de Terre-Neuve, les bibliothécaires ont cru devoir réimprimer la liste des documents se rattachant à cette question telle que donnée dans le catalogue supplémentaire de 1889.

Les députés trouveront à leur disposition un nombre suffisant de tous les documents officiels de la Grande-Bretagne et des Etats-Unis ayant rapport aux difficultés de la mer de Behring.

Les bibliothécaires ont fait tout en leur pouvoir pour compléter la section des statistiques et du commerce et pour en rendre l'accès sur les rayons plus facile.

Une liste spéciale d'ouvrages sur les Indes occidentales fait aussi partie du catalogue supplémentaire, l'exposition de la Jamaïque qui vient d'attirer l'attention publique sur ces contrées, donne de l'apropos à cette publication.

Le tout respectueusement soumis,

A. D. DECELLES, *B.G.*
MARTIN J. GRIFFIN, *B.P.*

GALT moved the following resolutions: Resolved,—That this House recognizes in the fullest manner the importance to the cause of peace and civilization of the settlement of all questions in dispute between Great Britain and the United States; and in the especial interests of Canada will rejoice to find the result of the Joint High Commission productive of cordial and lasting friendship between the two nations.

That this House regards the control and disposal of the inshore fisheries and the navigation of the inland waters of the Dominion as specially within the powers conveyed to the Parliament of Canada under the British North American Act, and will view with the utmost concern and apprehension any proposal to alter or diminish the just rights of the Dominion in these respects without their consent.

That this House has always been, and now is, prepared to concede the most free and unrestricted use of the fisheries and inland navigation to the United States upon receiving as an equivalent therefor complete compensation in modification of the United States commercial system, directed to the more free and liberal interchange of the products of labour in the two countries.

That the concession to the United States of the freedom of the fisheries and of the St. Lawrence, without compensation, would place Canada in a most disadvantageous position for future negotiations, by depriving her of the means of offering any adequate equivalent for those concessions she is desirous of obtaining from that nation.

RECIPROCITY—*Continued.*

That the House willingly consents to the consideration by the Joint High Commission of all subjects in which Canada is concerned with the United States, and will cheerfully make any sacrifices that may be required at their hands in the interest of the Empire, so far as they do not compromise the national interests and security of this country, and directly tend to their undue subordination to the United States in the future.

- 1878.** Mr. CASGRAIN enquired, whether the Government has taken or intends to take any steps to renew or make a treaty of commercial reciprocity with the United States under the sanction of the Imperial Government ?

Mr. MACKENZIE replied : "The answer I gave to my hon. friend from Iberville a moment ago will apply to this question. I may say, however, as the question is put here categorically, that we have not taken any steps in this relation ; but, as I have said, we will be prepared when any steps are desired by the Government on the other side to take such steps as to carry out our well known views on the subject."

[See Commons Debates (1878), p. 353.]

- 1878.** Mr. BOURASSA moved for copies of all correspondence and despatches between the Government of Canada and the Government of Great Britain, the English Ambassador at Washington or any other person in the United States since the 1st January, 1874, in relation to a renewal of the Reciprocity Treaty, together with copies of all Orders in Council in relation to the same subject.

Mr. MACKENZIE said there were no new papers. The date the honourable gentleman had given comprised the negotiations which were conducted in the winter of 1874, but there had been no fresh negotiations and no papers of any kind since then. That being the case, he asked his honourable friend to withdraw the motion.

Motion, with leave of the House, withdrawn.

[See Commons Debates (1878), p. 367.]

[See Commons Debates (1882), p. 1249.]

- 1883.** Mr. FORTIN moved for all correspondence and papers relating to the reciprocal trade agreements between the Government of Brazil, the different Governments of the West India Islands, whether British or foreign, and Mexico, on the one side, and Canada on the other side, &c., &c.

[See Commons Debates (1883), p. 767.]

 RECIPROCITY—*Continued.*

- 1883.** Mr. ROSS (Middlesex) moved for all correspondence between the Government of Canada and the Government of the United States, or any Board of Trade in Canada or the United States, upon the question of reciprocal trade relations between the two countries on the general basis of the Reciprocity Treaty of 1854.

[See Commons Debates (1883), p. 267.]

- 1883.** Mr. HOMER enquired whether any action has been taken for the purpose of negotiating a Reciprocity Treaty between the Dominion of Canada and the Hawaiian Islands?

Mr. LANGEVIN replied: "There has been no action taken on the matter."

[See Commons Debates (1883), p. 67.]

- 1883.** Mr. HOMER moved a resolution declaring it desirable that the Government take such measures as may seem to them most advisable to bring about reciprocity in trade between the Dominion of Canada and the Hawaiian Islands.

[See Commons Debates (1883), p. 231.]

- 1884.** Mr. DAVIES moved in amendment to Sir L. Tilley's motion that the House resolve itself into Committee of Supply: that all after the words "that" be struck out, and the following substituted:—

In view of the notice of the termination of the fisheries articles of the Treaty of Washington, given by the United States to the British Government, and the consequent expiration on the 1st of July, 1885, of the reciprocity privileges and exemptions of that Treaty, this House is of opinion that steps should be taken at an early day by the Government of Canada, with the object of bringing about negotiations for a new treaty, providing for the citizens of Canada and the United States the reciprocal privileges of fishing and freedom from duties now enjoyed, together with additional reciprocal freedom in the trade relations of the two countries; and that in any such negotiations Canada should be directly represented by some one nominated by its Government.

[See Commons Debates (1884), p. 1176.]

- 1885.** Mr. BURPEE (Sunbury) asked, Whether the Government have taken any steps towards promoting the extension of our trade relations with other countries, British or foreign? If so, with what country, and with what prospect of success?

Sir LEONARD TILLEY replied: "The Government have taken steps toward promoting our trade relations with other countries, but I may state to the honourable member that in the opinion of the Government it would not be in the public interest to name the countries at the present moment."

[See Commons Debates (1885), p. 78.]

- 1885.** Mr. BURPEE (Sunbury) asked, Have any steps been taken to procure free trade relations between Canada and the Island of Jamaica, and with what result? Has any correspondence taken place regarding the same, and with whom?

Sir JOHN A. MACDONALD replied: "Steps have been taken with respect to trade relations between Canada and the British West Indies, and there has been some correspondence on the subject with Her Majesty's Government. It is not in the interests of the public to bring down the correspondence just now."

[See Commons Debates (1885), p. 429.]

- 1885.** Mr. LAURIER asked, Whether the Government have had any communication from the Delegates of the Island of Jamaica now visiting the Dominion, and, if so, whether they can state the nature of the same? Whether there is any prospect of any basis for a commercial treaty between the two colonies being agreed upon before the departure of the Delegates from this country?

Sir HECTOR LANGEVIN replied: "The Government has received a communication from the delegates from the Island of Jamaica now visiting the Dominion. The correspondence is now going on, and we cannot just now state the nature of the same, nor what may be the result of those communications."

[See Commons Debates (1885), p. 2854.]

- 1885.** Mr. PATERSON (of Brant) asked, Whether the Government has taken any steps towards developing trade relations between Canada and Mexico?

Sir LEONARD TILLEY replied: "No official communications passed between the Government of Canada and the Government of Mexico."

[See Commons Debates (1885), p. 632.]

RECIPROCITY—*Continued.*

- 1885.** Mr. DAVIES moved in amendment to Sir L. Tilley's motion that the House resolve itself into a committee of Supply, that all after the word "that" be left out and the following inserted instead:—

In view of the early termination of the fisheries articles of the Treaty of Washington, this House is of opinion that negotiations should be opened with the United States of America, as well for the renewal of reciprocal privileges accorded by that treaty to American citizens and British subjects respectively, as for the opening up of additional reciprocal trade relations between Canada and the United States, and that in the conduct of such negotiations Canada should be directly represented.

[See Commons Debates (1885), p. 995.]

- 1885.** Mr. DAVIES asked, Have the Government taken any steps for the negotiation of freer trade relations between Canada and the United States, and, if so, will they now state what those steps are?

Sir JOHN A. MACDONALD replied: "The Government have had some communication on this subject, but the matter is not in such a state that it would be of advantage in the public interest to state particulars. And the same remark applies to the next question."

[See Commons Debates (1885), p. 1387.]

- 1885.** Mr. CHARLTON moved for copies of all memorials or papers relating to reciprocal trade between the United States and Canada, and of all correspondence between the Government of Canada and the British Government, the British Minister at Washington, or the Government of the United States, upon the subject of reciprocal trade relations with the United States; also copies of all reports, if any, made by agents of the Canadian Government upon the subject.

[See Commons Debates (1885), p. 1444.]

- 1885.** Sir RICHARD CARTWRIGHT: "I would like to enquire of the Minister of Customs whether the view expressed by the Premier the other day with respect to the effect of the recent regulation published by the American authorities has been confirmed; or has he any other information on the subject?"

Mr. BOWELL: "I have been making enquiry with reference to the effect of that order on the trade of the country. I telegraphed to Washington for a correct copy of the order, which has not yet been received; but from the information we can obtain, the telegraphic despatch has no other bearing on the trade of the country than that which the leader of the Government stated, that is, that it repeals, so far as we can understand it, that portion of the Washington Treaty which gave the right to shippers in vessels from American ports in the west to tranship their cargo at the west end of the Welland Canal, and have it reshipped to the east on board vessels for American ports. Under the old regulations and under the coasting law, that action was considered by the American authorities to be a breach of the coasting law; but under the Washington Treaty special provision was given for the benefit of this trade to be carried on from the west to the eastern ports of the United States. I hope, however, to be able, to-morrow or next day, to give a positive answer to the question."

[See Commons Debates (1885), p. 3163.]

- 1885.** Mr. DAVIES asked, Have the Government received any information of the successful negotiations by Sir Ambrose Shea of any arrangement with regard to the trade relations between Newfoundland and the United States? If so, will they now state the nature of the information?

Sir JOHN A. MACDONALD replied: "Sir Ambrose Shea was in town on Saturday and informed me that he had been at Washington. He had had no official duties to perform there; he was not appointed by the Government of Newfoundland, but was asked to go to Washington by the Board of Trade of St. John's. He had had some communication with Secretary of State Bayard, and with Mr. Wells, but there had been no conclusions come to. He informed me generally what he did, but I am not authorized to state what he communicated."

[See Commons Debates (1885), p. 1387.]

RECIPROCITY—*Continued.*

1887. Mr. MITCHELL asked, Whether the Government, with a view of obtaining an arrangement of a Reciprocity Treaty or a commercial trade arrangement with the United States, have received any propositions, either verbal or written, from the Government of the United States, or any member thereof, or any other person connected with the said country, and if so, from whom have such proposition or propositions been received; and, if so, what is the nature thereof? And have the Government of Canada, or any one on their behalf, made any proposition or propositions to the said United States, or any one on their behalf, and, if so, what is the nature thereof?

Sir CHARLES TUPPER replied, "Both the Imperial Government and the Government of Canada are doing all in their power to promote a friendly adjustment of the fisheries difficulty and a reciprocal trade arrangement with the United States, but it would not be in the interest of the public service that anything more definite than that should be communicated at present."

[See Commons Debates (1887), p. 669.]

1888. Sir RICHARD CARTWRIGHT moved, That it is highly desirable that the largest possible freedom of commercial intercourse should obtain between the Dominion of Canada and the United States, and that it is expedient that all articles manufactured in, or the natural products of either of the said countries, should be admitted free of duty into the ports of the other (articles subject to duties of excise or of internal revenue alone excepted).

That it is further expedient that the Government of the Dominion should take steps at an early date to ascertain on what terms and conditions arrangements can be effected with the United States for the purpose of securing full and unrestricted reciprocity of trade therewith.

[See Commons Debates (1888), p. 144.]

1888. Mr. FOSTER moved in amendment to the foregoing resolution, that Canada, in the future as in the past, is desirous of cultivating and extending trade relations with the United States in so far as they may not conflict with the policy of fostering the various industries and interests of the Dominion which was adopted in 1879, and which has since received, in so marked a manner, the sanction and approval of the people.

[See Commons Debates (1888), p. 194.]

Division—Yeas, 124; nays, 67.

[See Commons Debates (1888), p. 646.]

1888. Mr. JONES (of Halifax) moved in amendment to the above amendment, "That in any arrangement between Canada and the United States providing for the free importation into each country of the natural and manufactured productions of the other, it is highly desirable that it should be provided that during the continuance of any such arrangement the coasting trade of Canada and of the United States should be thrown open to vessels of both countries on a footing of complete reciprocal equality, and that vessels of all kinds built in the United States or Canada may be owned and sailed by the citizens of the other, and be entitled to registry in either country and to all the benefits thereto appertaining."

1888. Sir RICHARD CARTWRIGHT asked a question regarding commercial relations with the United States and the retaliatory Bill recently introduced into the United States Congress.

Sir CHARLES TUPPER replied at some length, stating the policy of the Government regarding the matter.

[See Commons Debates (1888), p. 516.]

1889. Sir RICHARD CARTWRIGHT moved, in amendment to motion that the House resolve itself into a Committee of Supply: "That all the words after 'that' be struck out, and that it be resolved, that in the present condition of affairs and in view of the recent action of the House of Representatives of the United States, it is expedient that steps should be taken to ascertain on what terms and conditions arrangements can be effected with the United States for the purpose of securing full and unrestricted reciprocity of trade therewith."

PART FIRST—COMMERCIAL DIGESTS.

This branch of the work embraces a succinct account of the history, character and extent of the commercial relations of the United States in 1856 with each one of all foreign nations, about fifty in number, together with their numerous dependencies, accompanied by nearly one thousand tabular statements. This part of the work closes with a summary statement exhibiting the aggregate value of all imports into the United States from each of the principal commercial countries, with their dependencies, annually, for a period of thirty-five years—some countries a few years less—from 1821 to 1855, both inclusive, and the aggregate value of all exports to each of the same countries from the United States for the same period; followed by a summary of the commercial stipulations of all treaties between the United States and foreign nations, in tabular form.

PART THIRD—CONSULAR RETURNS.

These documents are the answers of United States Consuls to the circular of this Department (of State) of 15th March, 1854, already referred to, issued with a view to obtain the requisite materials for this report. Errors of fact and deduction have often been detected in these returns in preparing them for the report, and they have in most instances, though not in all, been corrected; while discrepancies of a more or less moment, between the statements and estimates of the returns and other portions of the work, will be frequently perceived. In the various tables of comparative tariffs, for example, the rates of duty will generally be found somewhat higher when given in the returns than in the statements prepared from the original publications in this office; owing, mainly, to the fact that, by the United States official standard of foreign moneys used in this work, their value is more or less depreciated from that sustained by them in the countries whence they emanate. The commercial value of such foreign moneys must also, as a matter of course, be governed at all times by the rate of exchange for the time being.
